

Michinoku Ramen Quest

-Special edition-

Reimen, Jajamen, Wankosoba... Morioka is the major “noodle town” in Japan. Let’s join this project of creating a new local treat that represents Morioka: “The ultimate ramen that makes you travel all the way just to eat it!”

Program ①

To participate in “Japan Noodle Summit” at its 30th anniversary! Ramens of the world as well as the 3 major Morioka noodles (Jajamen, Reimen, Wankosoba) will get together. Also, you can learn here “the ultimate way of enjoying delicious ramen”. (Expenses during the event are covered individually.)

Program ②

Kintaichi Onsen - once used by samurai warriors to heal their wounds. It is also popular for the myth of *zashiki-warashi*, who brings good luck to people who have seen it. A feedback session with the landlady of the inn to discuss “how to be a comfortable inn for foreigners” will be held at the end of the tour. (See separate sheet.)

Program ③

“Make your own ramen”- to make ramen with your creative ideas (including unique toppings) in collaboration with local ramen chefs. Try and taste each other’s “own bowl of ramen”.
